

Gemini and Apex Fintech Solutions Collaborate to Bring Gemini's Regulated Crypto Prediction Markets to Apex's Distribution Network

August 24, 2026

Gemini is now positioned to be the exclusive CFTC-regulated venue for crypto event contracts distributed through Apex's FCM, giving Apex's brokerage clients regulated access to crypto prediction markets without building their own exchange connectivity

NEW YORK, Aug. 24, 2026 (GLOBE NEWSWIRE) -- Today, Gemini Space Station, Inc. ("Gemini") and Apex Fintech Solutions Inc. ("Apex") announced they have signed a letter of intent under which Gemini Titan, a subsidiary of Gemini, would become the exclusive regulated venue for crypto event contracts distributed through Apex's Futures Commission Merchant (FCM) to Apex's brokerage customers.

Under the alliance, brokerages that offer crypto event contracts through Apex's FCM will use Gemini for execution and clearing – making Gemini the go-to regulated venue for crypto-based predictions markets accessed through Apex. Beyond crypto, Gemini affords Apex the flexibility to collaborate on additional contract categories, including sports, economics, and financial markets, on a non-exclusive basis.

This collaboration builds on Gemini's recent product and regulatory milestones. In April, its subsidiary, Gemini Olympus, obtained a CFTC Derivatives Clearing Organization (DCO) license, bringing derivatives clearing and settlement for Gemini Titan in-house. In December 2025, Gemini Titan secured a Designated Contract Market (DCM) license from the CFTC, enabling Gemini to launch predictions trading.

"Leveraging more than a decade of experience building and operating a regulated platform for crypto, a new and emergent asset class, we deliberately chose to build our predictions platform in-house," said Tyler Winklevoss, CEO of Gemini. "We believe that predictions are the future of markets, and this strategy allows us to expand our offering and open access to valued partners like Apex as demand for event contracts grows."

In July, Gemini announced the launch of stock trading with 0% commissions for certain customers in the United States with Apex Clearing Corporation, a wholly owned subsidiary of Apex acting as the custodian and clearing broker.

"At Apex, we've always believed in meeting the market where it's going," said Travis McGhee, Global Head of Digital Markets at Apex Fintech Solutions. "This partnership with Gemini is about building the bridge between traditional finance and what's next. Our brokerage clients get regulated access to crypto event contracts without having to build the plumbing themselves. That's the Apex model."

Gemini and Apex look forward to finalizing the details of this strategic collaboration in the coming weeks.

Disclosures

Channels for Disclosure of Information

As a reminder, we announce material information to the public through filings with the SEC, the investor relations page on our website (investors.gemini.com), the blog on our website (www.gemini.com/blog), press releases, public conference calls, public webcasts, our X account (@gemini), and our LinkedIn page. The information disclosed in the foregoing channels could be deemed to be material information and we use these channels for complying with our disclosure obligations under Regulation FD. As such, we encourage investors, the media, and others to monitor the channels listed above and to review the information disclosed through such channels.

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding Gemini's business strategy; our entry into a non-binding letter of intent ("LOI") with Apex; the anticipated terms and structure of the potential partnership contemplated by the LOI; Gemini's expectations regarding event contracts and demand; and Gemini's regulatory approvals and plans. These statements are subject to risks, uncertainties, and assumptions, including the possibility that the parties fail to reach a definitive agreement, that market or business conditions change, and those risks described in Gemini's filings made from time to time with the U.S. Securities and Exchange Commission. These forward-looking statements are based on management's beliefs and assumptions, and investors should not place undue reliance on any such forward-looking statements because they speak only as of the date they are made. Actual results could differ materially from those anticipated or implied. Except as required by law, Gemini assumes no obligation to update these forward-looking statements.
